## **Prelude:**

Before you get started there are a couple of things we need to talk about first.

For one thing, this is not a get rich quick scheme, in fact if you treat it as one, you will fail to make the kind of money we know you can make with it. Just check out the screenshot below.

**Since February 2007**

We've paid our 1,571,461 members \$1,446,334.54 on time, every time!  
We've delivered over 171,977,853 views to our advertisers' websites!

Over one million members have been paid over one million dollars, and the kicker is... On Time! No waiting! If you're like us, you truly do not want to wait for your income when you've worked to earn it, and this is one reason we really love Clixsense.

You can earn as much as you want, and they will pay you in thirty seconds. How do I know? Check the screenshot below.

Look closely at it and you will see that they are not kidding around, **Get Paid Every 30 Seconds!**

Are you starting to see what we already see?  
You can start to generating daily income that  
Grows and grows, and grows.

**Unlimited Referrals – Unlimited Income – Clixsense Rated #1 Daily Earner!**

Check it out...

Okay, so now we know they WANT to pay us, Clixsense has been around since 2007 and if they didn't pay their members you would not be reading this short report.

Trust. It's hard to find a good paying, fast paying paid to click site that offers enough ads to click each day to quickly earn. You'll see new sites pop up on the radar each day, our advice is to avoid them at all costs for at least six months.

Why? No history of paying their members. Goes back to that trust issue I mentioned above. You must trust that when you want to request your money, that they will indeed pay you! It's vital to trust this or you could be wasting a lot of your time and money.

Clixsense has paid me, and this means you can be sure, you will get paid as well. It's a safe method of earning an income online that grows everyday.

I know you want to make as much money as possible and I can only suggest you do one thing no matter what. Brand your copy of this report BEFORE you start giving it away.

**Unlimited Referrals – Unlimited Income – Clixsense Rated #1 Daily Earner!**

**Use it to build your list once you brand it and watch what happens. You'll love it.**

# Congratulations!

## Chapter 2

### Before You Click The Ads!

There are a couple of things you must remember about making money using paid to click sites. I will list them here and we suggest you use them as the rules of the job. Failure to follow the rules will result in the loss of a lot of money, you could have made, but didn't.

And they are...

**Patience.** You must be patient when you first get started using the paid to click sites to actually make money you can spend on groceries. Everyone starts out slowly at first and then gain speed over time.

**The upgrade.** Clixsense is start up friendly because unlike a lot of sites, they only offer one upgrade and it only costs **\$14.95 PER YEAR!** They offer the cheapest upgrade with the most value to the member of any PTC site we use today.

Once you upgrade, you will have access to 100 ads to click. You can earn almost your fourteen dollars and ninety five cents back in the first day if you just click all the ads.

Not upgrading will absolutely cause your earnings to be slow, slow, slow. If you want to earn fast and get paid often, the upgrade is the only way to approach Clixsense.

**Click All The Ads Everyday!** If you work a full time job it might be an idea to click ads before you go to work and an hour before you retire for the evening. Don't miss days, you'll just lose money and that's not what you want.

## Chapter 3

### Toolbar Yes Or No?

It really depends on you and how comfortable you are using your computer. If you choose to install their toolbar you will be able to make more money because the toolbar will notify you when more ads are available to click.

Clicking the number will open up the area to earning area ready for you to click the available ads, and earn more cash.

However, as with most toolbars, if you don't put a leash on it by setting the features and options manually to remove the fluff, you can end up with stuff you didn't need nor want. So, you must go into options and set it up for just one thing. Letting you know when you have more ads to click, and nothing else. Say no to everything else.

I can testify that installing it on my machine, has helped me earn faster than I did doing it the old way of logging in once a day.

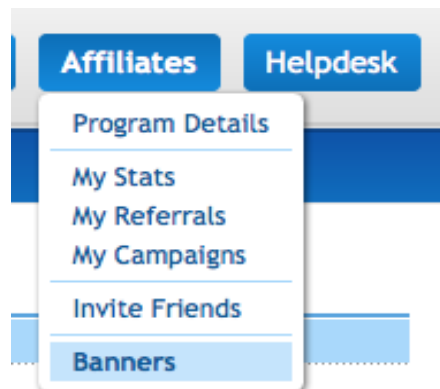

If you want to earn more and earn it faster, the toolbar is the option to choose. Be sure you have your Windows operating system updated to the latest version, and with all your security patches installed, and be sure your antivirus is updated as well. Toolbars can safely be used if you take the proper steps to ensure your success.

Once installed, if you don't like it, you can always uninstall it from your browser. Recommended browser is Firefox.

If you click the menu button Affiliates again and this time select My Referrals, it will take you to the page where you can add a personal message to your referrals who join you.

## The Comp Plan Is Powerful

The biggest problem with most comp plans is they are hard to understand and due to this fact, it makes it harder to explain to anyone who may be interested. The simpler to understand the easier it is for someone to make a wise and profitable choice, by upgrading their account.

Here's why it just makes sense.

### Premium Membership Upgrades

This is where the true power of the ClixSense affiliate program comes into play. With 8 levels there's no limit on how much you can earn, although you will've to upgrade yourself to take full advantage of this because Standard members earn only from their direct referrals. Whenever your direct referrals upgrade, you're instantly paid \$2.00! If you are a Premium member and if your referrals refer others who also upgrade you are instantly paid \$1.00 for each upgrade through 8 levels! You just got paid for doing nothing!

Level #1	\$2.00	\$2.00
Level #2	-	\$1.00
Level #3	-	\$1.00
Level #4	-	\$1.00
Level #5	-	\$1.00
Level #6	-	\$1.00
Level #7	-	\$1.00
Level #8	-	\$1.00

Did you see that?

No Limit to How Much You Can EARN At Clixsense!!!

## Interesting Clixsense Facts

ClixSense doesn't...

Set any limits on the amount of ads you can view per day.

Set any limits on the amount of direct referrals you can have.

Or make you wait to do certain things like refer others.

ClixSense was the company that started the PTC craze in 2007. Did you know that? No wonder they have over a million members!

ClixSense has some of the lowest advertising rates in the industry. I use it all the time, 20K at a time! Keep in mind I send all my traffic to my lead capture page, and using their traffic I am building a list in a hurry! It works!

ClixSense doesn't charge a ridiculous amount of money to upgrade your account. It's only 14.95 per year and once you upgrade, you immediately get 100 ads to click. You basically make back a huge portion of the upgrade in a day.

ClixSense has no maximum cash out. If you can make it, they will pay it! I love that part. They don't have multiple membership levels, why pay more when you don't have to?

They don't use a cheap purchased script to run their business, the site is 100% custom built by their employed developers.

**Unlimited Referrals – Unlimited Income – Clixsense Rated #1 Daily Earner!**

They don't use a shared hosting server, they have multiple dedicated servers.

ClixSense doesn't hide behind a privacy protect when you look at who owns the domain, they have nothing to hide.

With all the new PTC and bux sites coming online everyday you have no idea who you are dealing with and what their intentions are.

With ClixSense, you know you can trust them, a million members cannot be wrong.

I want you to be successful online and if you take Clixsense seriously, you will finally achieve success.

It's that easy and it's that simple.
